Hi all,

Below for your review by COB Wednesday (11/30) is a draft letter to the American Bird Conservancy regarding our response to the 2017 treated seeds petition. I'm requesting EFED and PRD review because ABC raised concerns about risk assessments and effects to listed species (addressed in paragraphs 3 and 4 of the response).

This draft uses language from a recent response we wrote to Sen. Booker. Linda's branch and OGC have reviewed and contributed.

Thank you!
